Old Business

	<p>The Kingdom Seneschal is the only person in the Kingdom with the legal authority to request privacy-protected member information from corporate and view it. I can, however, request "population distribution" information (number of members by zip code in our canton).</p> <p>I was not able to have this information for all of you by this business meeting (forgot about everyone being away for Pennsic). Will attempt to have this information for the September business meeting</p>
